Bernie and Tom — Pendulum Wave Motion

The February program on the action of Wave Pendulums was presented by Bernie Tekippe and Tom Noesges. The action of the pendulums was fascinating to watch, and there was a considerable amount of discussion which took place during and following the video.

TOM'S STEPPING DOWN

Due to personal reasons, Tom Noesges has resigned as our chapter's secretary, effective immediately. Tom has done a fantastic job and produced a beautiful newsletter through the years. Thanks Tom.
